

**Application:
Part Two**

Part Two: Rebate Application

- Once the project is complete, begin Step 2 of the **Turf Replacement Application**
- **Submit a minimum of 8 color photos of your completed project area, showing:**
 - Required plant coverage
 - Sustainable landscape approach selected (i.e., rain garden, rain barrel, etc.)
 - Each area where turf was replaced
 - Irrigation system
- **Final application approval may take up to 2 weeks**
- **Once approved, a site inspection is required for commercial projects, but case-specific for residential projects**
- **Upon final rebate application approval, you will receive your rebate check within 8 to 10 weeks**

PLEASE FOLLOW THESE NEXT STEPS TO COMPLETE THIS RESERVATION APPLICATION:

- Upload your photos (see instructions below)
- Upload your water bill
- Upload a Turf Replacement Plan (This should show what changes you will be making to transform your landscape and include the type and location of your selected stormwater retention feature, type of ground cover to be used and where you intend to include your plants.)
- If you cannot finish the application at this time, Press SAVE AND QUIT to ensure your reservation information is saved
- If you have filled in all required fields and uploaded all documentation, Press SAVE AND CONTINUE to ensure your reservation information is fully submitted. After you press SAVE AND CONTINUE, please agree to the Terms and Conditions and sign the application electronically. Note: If you are unable to upload your pictures and/or water bill, please contact us at 1-888-376-3314 for assistance

UPLOAD DOCUMENTS (PROVIDE AT LEAST 5 CURRENT COLOR PHOTOS OF AREA)

To request a rebate reservation, submit the following:

- Copy of your recent water bill
- Copy of your Turf Replacement plan
- At least 5 current color photos.
